

Expense Deck (Expense Deck Report.xls)

The expense deck report will display a list of detail lines of all expense decks for all companies within the database. There are no options to setup as the report shows all information. It will display the Company Code, Property #, Description, Expense deck code and the Working Interest decimal amount. Below is an example of this report.

	A	B	C	D	E
1	Company Code	Property #	Description	Expense Deck #	Working Interest
